

4-1.3 DECISION NO. D-26

APPLICABILITY OF CODES

Issue:

Guidelines are needed to define the applicability and implementation of codes, standards, and/or guidelines for construction, renovations, and replacement of real and/or personal property at Indian Health Service Installations.

Decision:

The Health Facilities Advisory Committee reviewed and approved the final draft of the Applicability of Codes dated November 8, 1996, subject to editorial revision, and will be included in the Technical Handbook. Effective immediately, this guide will apply to all Indian Health Service Installations.

Reference:

Copies of the final draft can be obtained from the Environmental Health and Engineering. This document will be issued as Chapter 21-16 Applicability of Codes, Part 21, Volume III of the Technical Handbook for Environmental Health and Engineering.

Adopted by HFAC on December 4, 1996.

Kenneth R. Harper, P.E.
Chairman, HFAC
